

Doctor Verification Service

Fast and reliable verification with MDA Connect from AMPCo

Key benefits

1 Real time authentication to access restricted environments

2 REST API complies with industry security frameworks

3 Quick integration with website, software or database

4 Supported by the Medical Directory of Australia database

MDA Connect: accurate and easy for a seamless experience

MDA Connect is a web service interface that authenticates healthcare professionals in seconds and integrates with your website, software or database streamlining user experience.

With the ability to verify over 114,300 doctors and more than 38,000 GPs, MDA Connect is supported by the Medical Directory of Australia, the most up-to-date and comprehensive directory of medical professionals.

Tailored to meet industry requirements

Built as a REST API and set up for secure exchange, MDA Connect gives organisations of every size, access to a scalable verification service. Depending on specific compliance needs, this solution supports verification universes that may vary from a small group of specialists to GPs or all Doctors.

In line with industry best practice frameworks, MDA Connect covers an array of query parameters mostly used in the healthcare space. Due to having dedicated technical support, it is a solution that can be implemented and synchronised quickly and efficiently to your specifications.

Why use MDA Connect

In a space, where Doctors' data keeps changing regularly, the ability to quickly, accurately and electronically verify details becomes a major challenge.

The MDA Connect infrastructure makes this solution the most reliable in the medical industry in Australia.

- > Relies on the Medical Directory of Australia and data integrity officers who confirm and update information consulting directly with medical professionals and practices daily.
- > Delivers a fast turnaround with additional identifiers for further follow up.
- > Provides support services to assist in implementing best practice online verification.

Find out more on how MDA Connect can be implemented for your organisation's specific verification requirements by contacting our database experts at ampcodirect@ampco.com.au or (02) 9562 6666.
